REISSUE APPLICATION DECLARATION AND POWER OF ATTORNEY BY INVENTORS

As one of the below named inventors, I hereby declare that: my residence, post office address and citizenship are as stated below my name; I believe I am an original, first, and joint inventor of the invention which is described and claimed in Letters Patent Number 6,338,820 granted on January 15, 2002, and in U.S. Patent Application Serial No. 10/760,171 entitled APPARATUS FOR PERFORMING ASSAYS AT REACTION SITES, filed on January 15, 2004, as amended by a Preliminary Amendment filed therewith, and for which invention I solicit a reissue patent.

ACKNOWLEDGMENT OF REVIEW OF PAPERS AND DUTY OF CANDOR

I hereby state that I have reviewed and understand the contents of the above-identified specification, including the claims, as amended by any amendment referred to above.

I acknowledge the duty to disclose information which is material to the examination of this application in accordance with Title 37, Code of Federal Regulations § 1.56.

STATEMENT OF INOPERATIVENESS OF ORIGINAL PATENT 37 C.F.R. §1.175

I hereby aver that I believe the original patent to be wholly or partly inoperative or invalid by reason of my claiming less than I had a right to claim in the patent. The errors which are recited herein occurred without any deceptive intent.

All errors being corrected in this reissue application up to the time of filing of this declaration arose without any deceptive intent.

The particular insufficiencies in the claims result because they are not as broad as the scope to which I believe I am entitled due to the inclusion of certain limitations in the claims, such as a "multi-function head." The limitation of "a multi-function head" appears in the two independent claims of the original patent, claims 1 and 49, and all dependent claims that depend therefrom.

POWER OF ATTORNEY

The undersigned hereby appoints the following attorney(s) and/or agent(s) to prosecute this application and all related divisional, continuing, substitute, renewal, reissue, re-exam, and to conduct all business in the Patent and Trademark Office connected therewith:
